

Georgia FFA Association
FFA Day at the Georgia National Fairgrounds

FILL THE SEATS CONTEST
Sponsored by the Georgia FFA Foundation

OVERVIEW

FFA Day at the Fair is designed for students in grades 6-12 to learn, engage, and get excited about FFA and agricultural education. Students interact with Georgia FFA area officers, discover the opportunities FFA has to offer, are inspired by a motivational speaker, and enjoy the festivities of the Georgia National Fair. This half-day program introduces FFA members to more than 3,000 other FFA members from across the state!

Agriculture Educators and FFA Advisors have an opportunity to reach and impact students in a way most educators do not. The growth that takes place outside of the classroom makes a significant difference on what takes place inside the classroom.

The 2nd Annual 'Fill The Seats' Contest and Award encourages FFA advisors to fill the seats at the FFA Day at the Fair Program with as many anxious and excited FFA members as possible.

The Georgia FFA Foundation recognizes how important it is to involve all agriculture education students in the FFA and supports the FFA Day at the Fair program as a way to involve any and all Ag education students.

This award will be given to an advisor or advisor team.
