NELSON MCCracken

Greetings from Mr. Billy Hughes

It is with privilege the Georgia Agricultural Education program delivers the 2022-2023 Annual Report to you. Georgia AgEd has had another tremendous year. I am very proud of the growth we have seen in AgEd in Georgia this year.

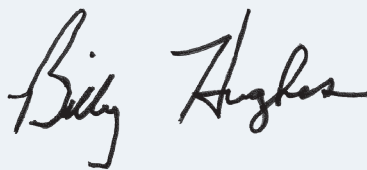

Students, you have worked hard in CDE/LDEs, leadership development, and with SAEs. Your efforts have made you life-long friendships and developed work-ready skills that will make you a successful employee in the future. Our organization is about developing you as a person. Always remember... you exemplify "Learning to Do, Doing to Learn".

Teachers, thank you for your daily efforts to support students, adults, and communities. Your diligence to our profession has helped us create many new positions/chapters and gain over 80,000 FFA members. You are doing a great job and I look forward to working together in the coming years. I hope you continue to exemplify "Earning to Live".

Sponsors and Supporters, I cannot express my gratitude to each one of you. Every sponsor had a choice as to whom to give resources, and we are humbled for your trust in our organization. Through this report, we hope you can see the positive results of your generosity. Thank you for showing our students a great example of "Living to Serve".

We also completed our first year of Elementary Agricultural Education (EAE) post pilot years. We currently have 46 registered EAE teachers in Georgia. These teachers are developing our Middle School, High School, and adult learners. More importantly, EAE teachers are ensuring students have truthful knowledge about agriculture and develop an appreciation for our largest and greatest natural resources.

Georgia Agricultural Education, thank you for another successful year. Remember, you are leaders, developing communities, and honoring agriculture. These successes and roles will "Magnify" our importance and influence on the future.

Billy Hughes
Program Manager, Agricultural Education
Georgia Department of Education

Young Farmer Teachers Serve as a Vital Resource in Their Community

Education and Industry Partnership

Young Farmer Advisors attend trainings and collaborate with business, industry and other agricultural agencies to stay updated on the latest technology and developments in the agriculture industry.

Agriculture Awareness

Young Farmer Teachers assist K-12 teachers by serving as a resource for information on the importance of agriculture to our state and nation. They also participate in the Governors AG Awareness Day in Atlanta.

Young Farmer Teacher Instruction

Over 18,000 Georgians were reached through organized classes, small groups or individualized instruction during the fiscal year ending June of 2022.

Teacher Professionalism

High degree of professionalism is expected in each GYFA teacher by complying with the standards set forth in their Program of Work (POW). Each Young Farmer Teacher is evaluated annually to determine if the standards were met.

To secure the promise of FFA and agricultural education by creating an environment where people and communities can develop their potential for premier leadership, personal growth and career success.

Georgia FFA Foundation

FFA members today are preparing for careers in science, business, technology, and leadership fields of agriculture, Georgia's largest industry. Foundation sponsors and donors support and believe in the mission of the FFA:

"To make a positive difference in the lives of students by developing their potential for premier leadership, personal growth, and career success through agricultural education."

The Georgia FFA Foundation is committed to providing opportunities for success to over 80,000 Georgia FFA members.

The Foundation supports Georgia FFA by providing awards and recognition, travel scholarships, post-secondary scholarships, and leadership opportunities to FFA members who excel in Leadership and Career Development Events (LDEs & CDEs) and in their chosen Supervised Agricultural Experience (SAE) programs. The opportunities that our members receive would not be possible without the support given to the Foundation by generous sponsors and donors.

Over \$1.1 Million raised in 2022-2023!

Thank you for
supporting our
members!

The 16th Annual Blue & Gold Gala was held on Friday, March 3rd, 2023, at Mercedes-Benz Stadium with over 875 people in attendance.

Learn more about the Georgia FFA Foundation, **TODAY**, and how you can make a difference in over **80,000 LIVES!**

Let's get social!
