

2019 Georgia Young Farmers Association/TagTeam® LCO Technology Peanut High Yield Contest

Rules and entry requirements

Eligibility

1. To qualify for entry, an invoice or proof of purchase for a minimum of just **four** cases of **TagTeam® LCO peanut inoculant** must be submitted at the time of yield submission.
2. A minimum of 15 growers must participate for contest to be valid and prizes awarded.
3. Contest offered only to members in good standing with Georgia Young Farmers Association.

Details

1. Growers wanting to submit a high yield entry will do so based on **one complete farm number**.
2. Grower will be required to supply **buying point sales tonnage** and a copy of **FSA Form 578** for that respective farm number for verification and authentication purposes.
3. Yields, forms and proof of purchase information will need to be submitted to the local young farmer advisor (teacher) for yield averaging certification and eligibility.
4. Form 578 needs to only reveal **certified peanut acreage** information. Other crop information for the eligible farm number is not required and may be excluded or marked out.
5. Farm numbers submitted for yield contest entry do not need to be treated with TagTeam® LCO technology to be eligible.
6. Only one field or farm number per grower allowed.
7. All entries must be made by Nov. 15, 2019.

Prizes

Grand Prize for highest yield will be a \$5,000 check paid to eligible grower.

2nd Place will be a check for \$2,500 paid to eligible grower.

The Grand Prize winner's GYFA chapter will receive a \$5,000 check if 50 or more growers participate or a \$1,000 check if 15-49 growers participate. Prizes will be awarded at the 2020 Young Farmers Annual Convention.

NO PURCHASE NECESSARY. Contest open to Georgia farmers, age 18+, who meet the criteria listed above. Monsanto Company and its affiliates are not responsible for administration of the contest. Must report certified yield data by 11/15/19. For a copy of the official rules or additional details, contact the contest sponsor: Georgia Young Farmers Association, 2802 Moore Hwy, Tifton, GA 31793.

Performance may vary from location to location and from year to year, as local growing, soil and weather conditions may vary. Growers should evaluate data from multiple locations and years whenever possible and should consider the impacts of these conditions on the grower's fields.

Always read and follow pesticide label directions.
