

Position Announcement: Area Animal Science Teacher – Central Region

The Georgia Agricultural Education Program is seeking qualified candidates for the position of Area Teacher in Animal Science for the Central Region.

Posting Date: May 31, 2023

Application Deadline: High Noon on June 7, 2023

Position Title: Animal Science Area Teacher – Central Region

Location: Central Region Office, Fort Valley, Georgia

Employment Beginning Date: July 1, 2023, or when filled

Position Description:

The Area Animal Science Teacher position is responsible for planning, prioritizing, and delivering educational programs in Animal Science and related areas in the Central Region to Agricultural Teachers and Students. The position provides specialized assistance to agriculture teachers to meet the needs of cutting-edge technology in instruction, curriculum development, facilities, laboratories, and equipment.

This position provides long-range planning, goal setting, and prioritizing to effectively and efficiently deliver educational programs for Agricultural Education Teachers in the area of Animal Science. This position builds connections between FFA, Young Farmers, and other organizations delivering high-quality educational programs.

The Area Animal Science Teacher provides specialized instruction for Agricultural Teachers, Adults, and in-school students to meet the needs of the Agricultural Industry.

Description of Specific Duties:

Administrative Duties:

- ❖ Provide administrative support and guidance to assigned agricultural teachers.
- ❖ Assist the Region Director in working with teachers and administrators to develop balanced programs in each local agricultural education program.
- ❖ Assist the Region Director in conducting school improvement activities and evaluation of the program of work standards.
- ❖ Assist the Region Director in reviewing monthly reports and programs of work to ensure the teacher is carrying out a balanced program.

Program Development Duties:

- ❖ Provide technical assistance to agriculture education teachers in secondary and post-secondary classes.
- ❖ Provide instruction for groups where instructional services are provided in connection with a local agriculture education program.
- ❖ Provide technical assistance to agriculture teachers in maintaining and operating specialized agriculture facilities, laboratories, and equipment.
- ❖ Develop and provide staff development in program areas that will serve the teachers and students of agricultural education with the most up-to-date and advanced technology available in animal science and related areas.
- ❖ Develop lesson plans and instructional materials related to agricultural mechanics to be included on the Agricultural Education Curriculum Web Site.
- ❖ Provide training for teachers and students participating in the FFA Career Development Events and leadership events related to agricultural mechanics or other areas.
- ❖ Assist the Region Director and State Program Manager in developing new and visionary educational programs that are designed to meet the mission and goals of Agricultural Education.
- ❖ To remain knowledgeable and technologically proficient through professional development in animal science better to meet the needs of agriculture teachers and students.
- ❖ Serves as a liaison between the agricultural education program and the agricultural industry.

Other Duties:

- ❖ Provide additional duties as directed by the Central Region Director and the State Program Manager of Agricultural Education

Minimum Qualifications:

Education: Bachelor's degree with three years of work experience with a proven performance record. Master's Degree Preferred.

Clear Renewable Teaching Certificate in Agriculture Education is preferred.

Skills Required:

- ❖ Ability to think strategically and align goals and resources.
- ❖ Ability to manage multiple priorities and work with diverse people and ideas.
- ❖ Ability to work and lead in a team environment.
- ❖ Demonstrate collaboration, consensus-building, and networking skills.
- ❖ Strong interpersonal, communication, leadership, and subject matter skills are necessary.
- ❖ Well-defined organizational skills.

Position Announcement: Animal Science Area Teacher – Central Region

Salary: The teacher's salary is based on certificate level, years of teaching experience, and a supplement.
