

Georgia FFA Association 2020-2021 Discussion Meet Topics

1. International trade is important to agriculture. What are some ways we can enhance existing trade partnerships, and establish new and diverse foreign trading partners?
2. Connectivity underpins the modern economy. How can we, as Farm Bureau and young agriculturalists, help facilitate and provide reliable broadband access to farmers, ranchers and rural America?
3. The increasing frequency and intensity of natural disasters creates additional risk for farmers and ranchers. What tools and production practices can be engaged to reduce climate and weather risks?
4. The decline in rural populations is accelerated by a poor farm economy. What solutions would enhance the vibrancy and economic sustainability of agriculture and rural communities?
