

Please use this document as a reference for navigating through the Georgia Ag Ed website, adding students to your enrollment and FFA rosters, registering for various events, and locating invoices from the state office and your region office. If you have any questions, please do not hesitate to call our office.

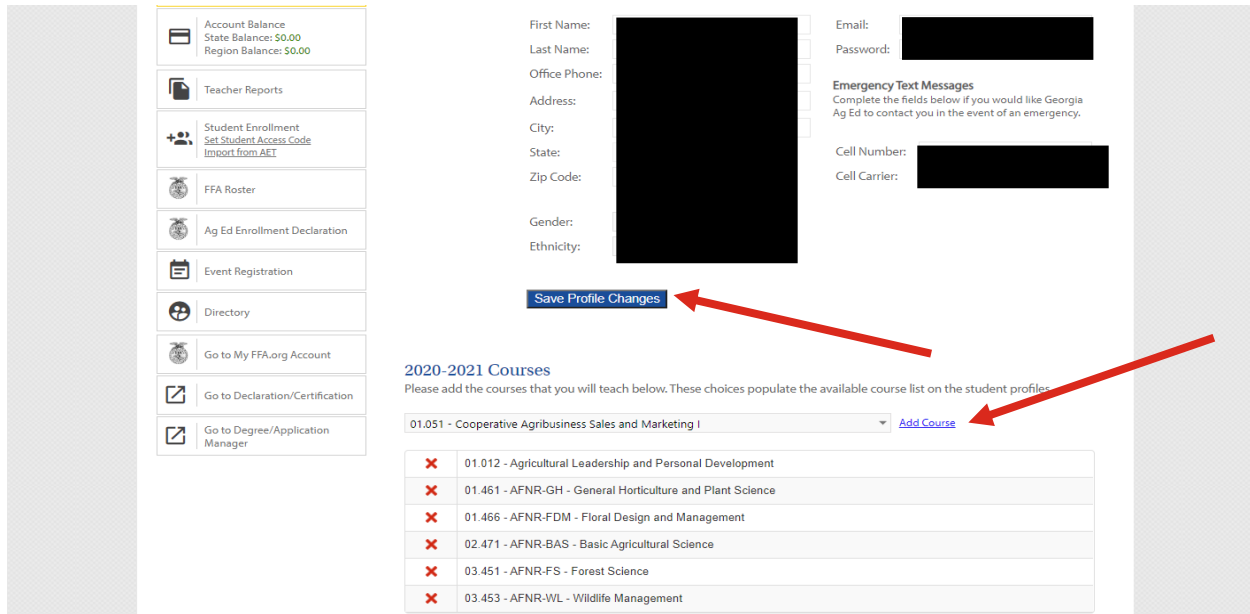

ACCESSING/NAVIGATING THE GEORGIA AG ED WEBSITE

1. Access the website: <http://georgiaffa.org>
2. To log in to your Georgia Ag Ed account, enter your email and password in the space provided. If you do not know the email and password associated with your account, please contact Christa Steinkamp (csteinkamp@gaaged.org).

3. Once you are logged in, the page will reload and an icon will appear in the Login box (Go to [Georgia Ag Ed Online](#)) for you to click to enter your portal within the Georgia Ag Ed website.

4. Click on the **Account Settings** tab on the left to add your courses that you will teach for this school year. *Each teacher in a program must do this individually.*
 - a. Select each course from the drop-down box.
 - b. Click **Add Course**.
 - c. Click **Save Changes** after all courses have been added.

STUDENT ENROLLMENT

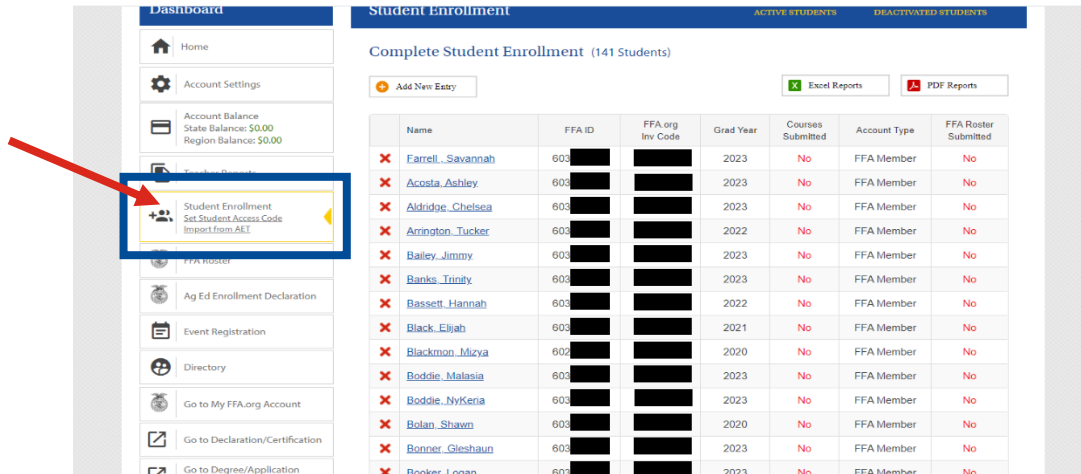

There are three ways to enroll students into the online portal to add them to your Student Enrollment and FFA Roster.

1. **Teacher Created/Updated Enrollment (pages 4-7)** : This method will require you, the teacher, or a responsible student to enter all of the student data.
2. **Student Created/Updated Enrollment (pages 8-10)** : This method will allow you to create a unique access code for your chapter (not for individual students). Your students will use the access code to input their information.
3. **Importing from AET (page 11)** : If you are utilizing AET (Agricultural Experience Tracker), you can import your student enrollment information from their site.

TEACHER CREATED/UPDATED ENROLLMENT

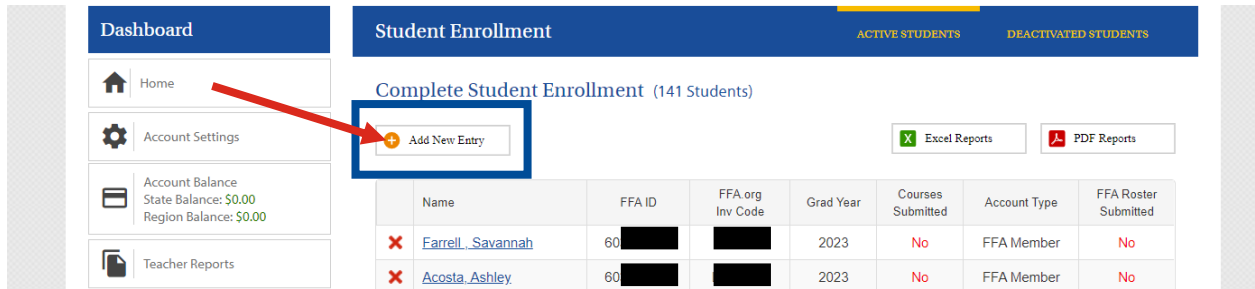

All tabs referenced can be located on the left-hand side of your screen under the Dashboard.

1. Click on **Student Enrollment**.
2. If your chapter submitted an FFA roster last school year, those students will appear on this page.

3. The columns on the Student Enrollment page include: Name, FFA ID, FFA Invitation Code, Graduation Year, Courses Submitted, Account Type, and FFA Roster Submitted.
 - a. Name: Please make sure that you double check the spelling of your student's name.
 - b. FFA ID: This will only show for students who have been submitted to and confirmed with National FFA. FFA ID and Invitation Codes will not show for new FFA Roster additions until the students have been processed to National FFA. The FFA ID and Invitation Code is used for each student's MyFFA.org account.
 - c. FFA Invitation Code: The National FFA ID Invitation Code will be used when setting up or accessing their MyFFA accounts on the National FFA website.
 - d. Graduation Year: The system asks for a graduation year rather than a grade level.
 - e. Courses Submitted: In order to complete the required information for student enrollment, every student must have courses submitted for the current school year.
 - f. Account Type: There is only for account type since our association is affiliate – FFA Member, so all of your students entered on your enrollment will also be FFA members.
 - g. FFA Roster Submitted: This column will show the students you have submitted on your state FFA roster. Make sure to check with the State Ag Ed calendar for FFA roster deadlines.

4. In order to add new students to your roster, click **Add New Entry**.

5. On the Add New Entry page, fill out as much information as possible for each new student (at minimum – complete the required information). Once the form has been submitted, you will still be able to edit the entries (update SAE type, contact information, etc.).
- In order to add any course(s) that each student is enrolled in, select the course from the drop-down menu at the bottom of the entry form. Identify the class period and semester (or if your courses are nine weeks or yearlong) of each specific course. Click the **Add Course** link to save your selection(s).
 - If you are entering multiple students at one time, click the **Create Account & Continue** button at the end of the form. This will load a new, blank entry form to be completed for the next student. Once you have completed the form for your final student, click the **Create Account & Quit** button. This will take you back to the Student Enrollment overview page with all of your students listed.

8. **REACTIVATING STUDENTS:** If there are students in your classes for this school year who did not take an agriculture course in the previous year but have been on your roster in another year, they can be reinstated from the Deactivated Students list. For example, if John Doe took a class during the 2018-2019 year, but was deactivated for the 2019-2020 school year, he does not need to be added as a new student since he has already been assigned an FFA ID. Find his name on the Deactivated Students list and click **Reactivate** to the left of his name. He should now show on your Student Enrollment.

STUDENT CREATED/UPDATED ENROLLMENT WITH ACCESS CODE

A secondary way to input student information is to create an access code and have the students complete the enrollment information. As mentioned previously, the access code is created by you to be used by your entire student group.

1. Under the Student Enrollment tab, click **Set Student Access Code**.
 - a. You are able to make this access code unique to you and your group.
 - b. You can set a date range for the access code to be active. This date range can be beneficial to you to make sure that information cannot be changed after the designated enrollment date.

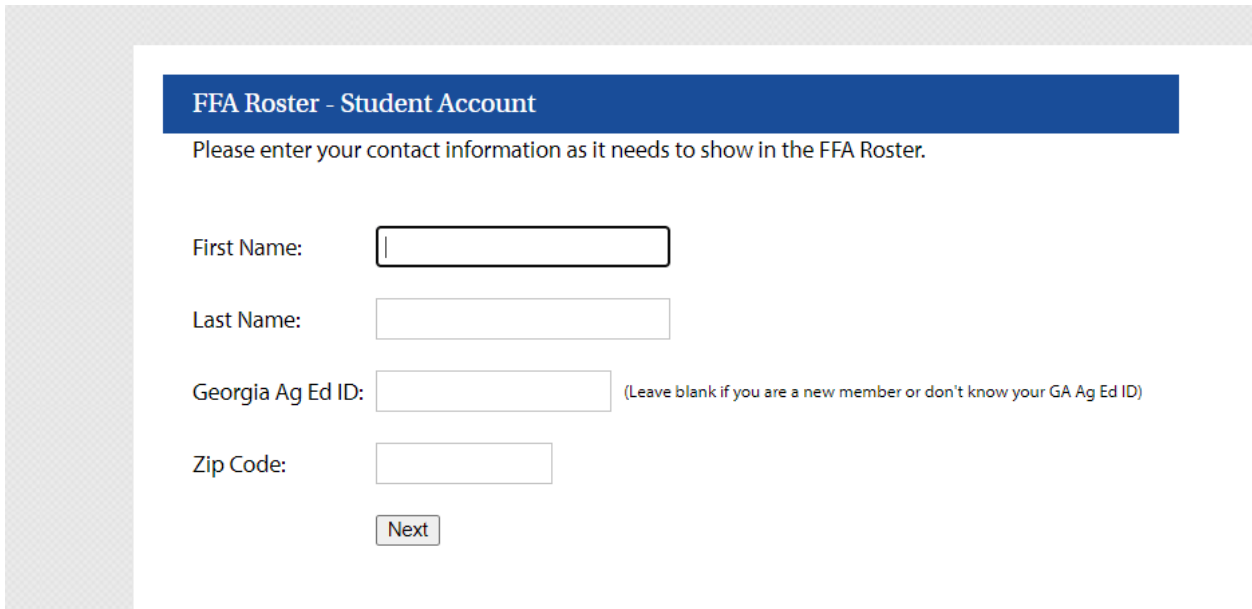

2. From a computer, instruct your students to access www.georgiaffa.org/studentroster.

3. Provide your students with the unique access code that you created to enter online.

- The students will enter their name and zip code. Make sure they enter ALL three items – this will help to ensure an existing account will be matched if there is one. You can provide them with their FFA ID if they do not know it, or they may leave that section blank. *If a student has changed their address and has a different zip code since originally joining the roster, have them enter their old zip code and have them update their information after they enter the system.*

IMPORTING FROM AET

For chapters that use the Agricultural Experience Tracker (AET) program, student information can be directly imported to your portal.

1. Under the Student Enrollment tab, click **Import from AET**.
 - a. The students on the left are students that have been imported in from your previous FFA Roster or are newly added entries through this system. Any student listed on the right are students that are not currently listed in the Student Enrollment information, but have been entered or updated in the AET system.

The screenshot shows the 'Import Students from AET' interface. On the left is a sidebar with a 'Student Enrollment' section containing an 'Import from AET' button, which is highlighted by a red arrow. The main area is divided into two columns: 'GA Ag Ed Students' and 'In AET and NOT in GA Roster'. The 'GA Ag Ed Students' column contains a table of existing students. The 'In AET and NOT in GA Roster' column contains a table of students to be imported, each with a checkbox. A button 'Import Selected Students from AET' is located above the second table.

2. After reviewing students on the right, click **Import Selected Students from AET** to move AET students into your enrollment information on the left.
3. After importing from AET, please return to the Student Enrollment page to check all student required fields for each student. *Not all fields from AET will import into the website. Teachers will need to verify/add course information for each student.*

AG ED ENROLLMENT DECLARATION

This step should only be included AFTER each student has been entered into the roster system. If you are in a multi-teacher program, make sure that each teacher has completed their enrollment.

1. Click on the [Ag Ed Enrollment Declaration](#) tab.
2. Read each statement and check the box to the left once you have completed that item.
3. Click [Submit Fall 2020 Enrollment Declaration](#).

INVOICING

Invoices will be sent out twice each year, once during the fall semester, and again during the spring semester. Make sure to pay attention to roster deadlines when working on your rosters. High school chapters will be invoiced for every student entered (\$9.05 per student). Middle school chapters will pay a flat fee of \$900.00 for the entire school year. Invoices can be located on the Account Balances tab.

TRANSFERRING A STUDENT

If you need to transfer a student on your Student Enrollment list to another chapter (within the state of Georgia), you can complete this action from the Student Details page for that individual student.

1. Click **Transfer Student**.
2. Select the **Chapter** that the student needs to be transferred to.
3. Click **Transfer**.

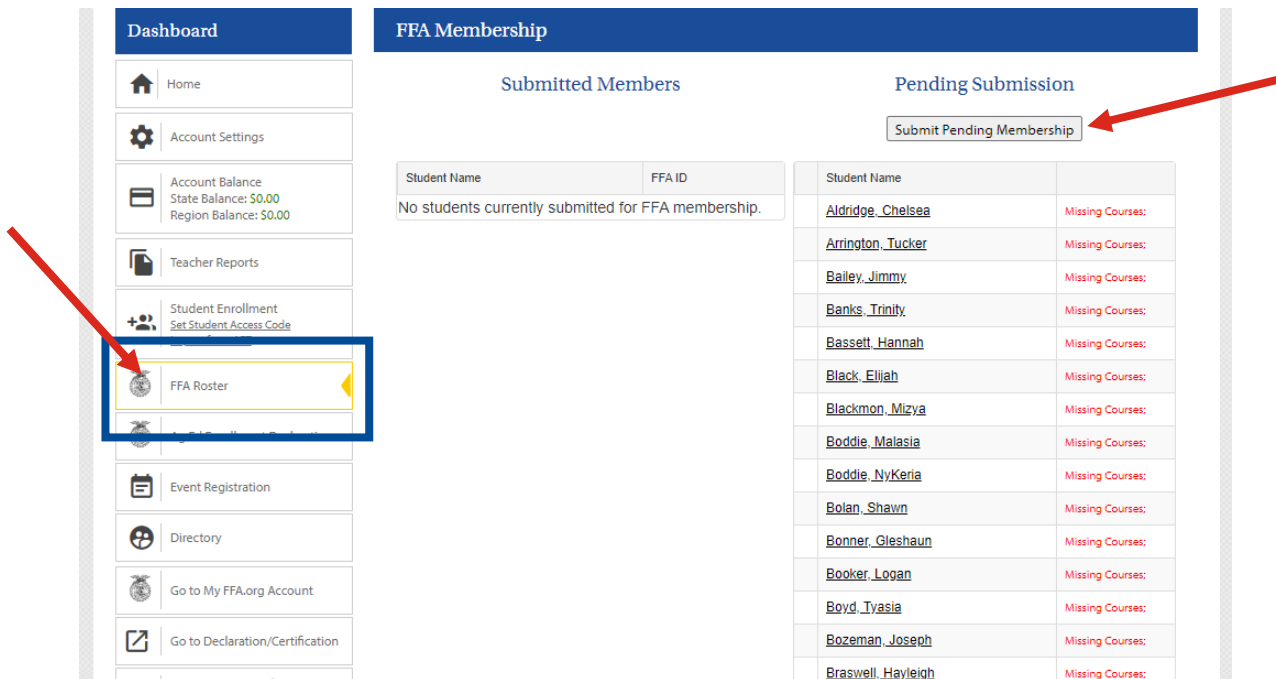

The screenshot shows the 'Student Details' page for Ashley Acosta. The 'Transfer Student' link is highlighted with a red arrow. A dropdown menu is open, displaying a list of chapters to transfer the student to. The list includes: Abraham Baldwin Agricultural College, Adairsville, Alcovy, Alexander, Americus Sumter High, Americus Sumter Ninth Grade, Apalachee, Appling County High, Appling County Middle, Appling Middle, Arabia Mountain, Ashworth Middle, Athens Christian, and Atkinson County.

4. If a student has been transferred to your chapter roster, they will appear on the Students Pending Approval tab under the Pending Transfer Students heading. You will need to click **Accept** to add them to your enrollment, or click **Deny** and they will be added to your Deactivated Students list.

These students are considered Georgia FFA members and are eligible to complete in CDEs and/or other FFA events.

ACCOUNT BALANCES

The Account Balance tab will be your source for locating all invoices generated from the Georgia Ag Ed Online system. This could include:

- State FFA Roster Invoices
 - If you have an outstanding with the State Office, that amount can be seen from the main menu in the Dashboard, or on the Account Balance page.
 - These will automatically generate after the enrollment submission deadline.
 - The FFA Office will post payments as they are received and you can access the receipt as needed.
 - Invoices can be located from this page in a PDF file for you to print and provide to your bookkeeper.
- Region Office Invoices
 - Automatically generated as soon as you register for an event. If the event includes fees (shirts, supplies, etc.), then you can refer to the invoice to determine your balance with the Region Office.
 - The Current Region Balance amount is currently set to always read as \$0.00, even if you owe a balance to your Region Office.
 - Invoices can be located from this page in a PDF file for you to print and provide to your bookkeeper – but remember that any outstanding balances ARE NOT reflected in the Current Region Balance amount.
